*Vincentric performed analysis comparing the total cost of ownership of 2015 model year diesel vehicles vs. a similar gasoline counterparts. This analysis uses data from May 2015 with results based on 25,000 kilometers per year over 5 years.

¹ Price Premium - Shows how much more (or less) you pay for the diesel compared to a similar gasoline powered vehicle.

² Total Cost of Ownership Savings - Shows the cost of ownership savings of the diesel compared to a similar gasoline powered vehicle.

³ Fuel Cost Savings - Shows the fuel savings of the diesel compared to a similar gasoline powered vehicle.

Represents diesel vehicles with lower total cost of ownership compared to a similar gasoline counterpart.

Represents the five diesel vehicles with the greatest fuel cost savings compared to a similar gasoline counterpart.
